**MAINTENANCE – Churchwardens Report**

Eddie Cuthbert reported on various work that had been carried out during the year – Concreted some of the paths around the churchyard; repair to the gates; new radiator in church and replacement grating. The Rectory has only received minimal maintenance this year, but does need a review as the windows need attention. Projects coming up are the gravel path alongside the churchyard by the sea wall as the rain water washes all the gravel away, the polycarb covers for the windows and the lighting is due to be replaced at the end of the year.

Brian Clarke reported that the legal agreement for the Arquiva mast has now been re-drawn due to additional usage.

Worship – Brian commented on how enjoyable the choir singing is during communion. Prayer ministry in church is going well, however due to noises in church it is difficult to hear. Therefore we will be investigating a sound screen to see if it helps. The Little Acorns service continues to flourish. However the difference between Little Acorns and the other Sunday services is very big and Brian is looking into a family communion service on the 2<sup>nd</sup> Sunday of the month that will bring the 2 together. It was agreed to give it a 6 month trial.

The children's area has been created and is well used. The Treasury is still to be made for the crossing area to hold all of the silverware that is currently at the bank. Brian would like to see that Lady Chapel as more of a prayer sanctuary and the prayer tree has been a very successful start, but any other ideas would be welcome.

## **HOSPITALITY – Sales**

During 2011 the Sales contributed £10,000 towards general church funds which still left enough in the bank to keep stock turning over.

## **Rectory Cottages**

Rent income is received from both of the cottages. The 1<sup>st</sup> cottage now has central heating which has resulted in a slight cash deficit for this year, but it is an investment in the property. The visitors who stay for free in the 2<sup>nd</sup> cottage a (eg families of La Moye Prisoners) are more than covered by those who pay to stay in the cottage.

## **Church Hall Tea Rooms**

These are still going strong. We have a new sign at the end of the road advertising it and this and all the other replaced signs around the church and church hall have been paid for by the Tea Rooms. During 2011 we took £7,000, £3,000 of which went to 12 different charities. Then the balance was used to pay for church items such as replacement kneelers in the North Aisle; coffee machine for the church hall, materials for painting church hall, carpet for childrens area in church.

## **Verger**

Ruth has completed her first year and is now a well-established part of the team.

## **OUTREACH – Supper Church**

This is well attended by Sanctuary House residents, about 10 – 12 each time which makes up about half of the total numbers. They have currently been looking at parables. However with Jo going to college in September Brian is unsure of how to move forward as Jo looks after all the emails, admin and finance, and occasionally runs an evening. Brian is looking for a partner to help him in Jo's absences and would be grateful for any volunteers.

## **Communicare**

The Day Care is now called the Friendship Club and is going well. The youth has lost cash support from the States, but the Parish have stepped in to help support the youth work instead.

## **Occasional Offices.**

We have approx. 45 Weddings/Blessings during this year. Combined with Baptisms and Funerals they are an important part of our work.

### **Mission Projects**

Congo still going well and is well supported by our visitors.

### **Sanctuary House**

This has blossomed during the past year. It started off after seeing 5 male suicides in one year in Jersey. We now have 3 houses and it is very well supported.

### **Rector's Review**

Mark commented on Sanctuary House – when we respond to what God is saying, sometimes it just takes off and runs away fast. Through Sanctuary House we have helped the poor and sick. Our current project for 2012/13 is the church lighting. This will involve closing off one side of the church at a time while it is being installed. Once all the approval has been received we will be looking at different ways of funding it, along with support from the Parish.

There being no further business the meeting closed at 1pm.
